

EL PASO NATURAL GAS COMPANY

Nominations & Scheduling

01/01/2010

Director, Nominations & Scheduling

Directs the development of budgets, plans, strategies, and goals for the 24/7 scheduling activities of Colorado Interstate Gas, El Paso Natural Gas, Mojave Pipeline Company, Samalayuca, Wyoming Interstate Company, Young Gas Storage, and Cheyenne Plains Gas Pipeline Company.

Consultant, Nominations & Scheduling

Monitors and influences emerging industry trends and regulatory actions relating to scheduling and provides management plans for incorporating these into the Company's business model for Colorado Interstate Gas, El Paso Natural Gas, Mojave Pipeline Company, Samalayuca, Wyoming Interstate Company, Young Gas Storage, and Cheyenne Plains Gas Pipeline Company pipelines.

Manager, Nominations & Scheduling

Manages the activities of the Nominations & Scheduling staff to provide 24/7 nominations, scheduling and imbalance control support of the Colorado Interstate Gas, El Paso Natural Gas, Mojave Pipeline Company, Samalayuca, Wyoming Interstate Company, Young Gas Storage, and Cheyenne Plains Gas Pipeline Company. Controls imbalances and maintains records of operational data.

Analyst, Gas/Business Controls-Principal

Coordinates scheduling activities in the processing area, including receiving and processing nominations, confirmations, custody limits, and BTU contents. Responsible for ensuring that daily scheduling deadlines are met and customer inquiries regarding capacity allocations and current and past pipeline conditions are answered. Works with Gas Control to establish daily operating requirement parameters.

Scheduler, Principal

Monitors emerging regulatory actions relating to scheduling and provides resulting business requirements to Information Technology Group for Colorado Interstate Gas, El Paso Natural Gas, Mojave Pipeline Company, Samalayuca, Wyoming Interstate Company, Young Gas Storage and Cheyenne Plains Pipeline Company. Ensures modifications to computer systems function as intended.

Scheduler, Senior

Responsible for reviewing current operating practices and internal processes to increase efficiencies. Recommends system enhancements to automated scheduling systems. Analyzes and resolves complex issues in scheduling and responds to customer inquiries regarding these issues. Performs daily scheduling processing activities.

EL PASO NATURAL GAS COMPANY
Nominations & Scheduling
01/01/2010
